### BUILT-IN 60CM MULTI-FUNCTION OVEN

## FEATURES & BENEFITS

### FORCED AIR

Seal in the taste. Thanks to the Forced Air technology, the hot air is circulated inside the oven giving you moist, juicy cooking results.

### SMART CLEAN

Innovative SmartClean technology cleans the oven thoroughly and efficiently, leaving no odours and without requiring a detergent. SmartClean technology works together with an easy-to clean special enamel and offers a dedicated cycle that always delivers perfect cleaning results.

### FAN FORCED SYSTEM

Fan grilling technology that cooks quickly and more evenly with a boost of hot air surrounding the grill zone. This feature has been designed to create a spit roast effect, so even thicker pieces of meat are crisp on the outside and tender on the inside.

### AIR FRY FUNCTION

Use the Air Fry function in conjunction with any Air Fry accessory, and enjoy perfectly fried results the healthy way.

### WARRANTY

Guarantees peace of mind and value for money knowing that any product fault or defect is covered by full replacement parts and/or a service call to ensure the product works as described.
